

3. Sharia Law is anti-woman – Here are a few of the Sharia Law provisions derived from passages in the Quran: men may beat their insubordinate women (Q 4:34), a woman’s testimony is half that of a man (Q 2:282), a woman inherits only half what a man would inherit (Q 4:176), men may marry pre-pubescent girls (implied by Q 65.4); captive women may be raped (Q 4:24)

4. Sharia stipulated cruel and unusual punishments – Adulterers are stoned to death, thieves have their hands cut off, fornicators are publicly flogged with 100 lashes, homosexuals are put to death, apostates are killed, parents may kill their offspring if they bring shame on the family. (See citations elsewhere in this brochure.)

5. Sharia is about conquest – The stated objective of jihad “makes war upon Jews, Christians, and Zoroastrians until they become Muslim or else pay the non-Muslim poll tax. (R of T, para. o9.8)

**Muslims

What is Islam?

Islam is defined by the holy texts of its religion - not by the beliefs, actions or virtues of a Muslim.

Islamic Sharia Laws are the shackles that hold the Muslim community in captivity and prevent them from enjoying the freedoms that make America such a thriving and positive civilization. Here are just a few observations by prominent Muslims:

The dilemma for Muslims is how to reconcile the modern world and modern values with a code of laws cast in stone 1400 years ago. Here are just a few of the glaring disconnects:

Muslims will insist that Allah's laws are best. Somehow, non-Muslims are not convinced. Recently Saudi Arabia established a fellowship program at Harvard University to find ways to make Sharia Law more acceptable in the U.S. However, the following civilizational advancements are fundamentally contrary to Sharia Law:

- ▶ Cell phone communication between sexes
- ▶ Earning or paying interest on invested or borrowed money
- ▶ Obtaining insurance for life, car, or home – a form of gambling
- ▶ Prepared foods that inevitably contain non-halal ingredients
- ▶ Taking and sharing photographs of people
- ▶ Tinting the hair or plucking grey hair (Really !)
- ▶ Unrelated members of opposite sex in same room or office
- ▶ Women riding in a car with an unrelated, uncastrated male
- ▶ And that's just a partial list.

Who is a Muslim?

A Muslim is one who is obedient to the commands of Allah and examples of Muhammad.

Muslims need to recognize that "Allah's laws" were actually set down by militant and misogynistic men who were striving to control their subjects. The shackles can be broken by just saying, "Enough of this crap!"

Five Inconvenient Facts About Sharia That Islamists Don't Want You to Know:

Apologists for Islam will often deny the following inconvenient facts, but the evidence is overwhelming that the following are true:

1. Sharia is "Islamic law" – In a recent survey, 51 percent of American Muslims said they want Sharia Law to be an option over man-made Constitutional law. (See: <http://www.centerforsecuritypolicy.org/2015/06/23/nationwide-poll-of-us-muslims-shows-thousands-support-shariah-jihad/>)

2. In Muslim countries, Sharia is the law of the land – All the 57 member nations of the Organization of Islamic Cooperation have signed a "Cairo Declaration of Human Rights in Islam" which states Cairo Declaration of Human Rights in Islam, which states in Article 24, that "all the rights and freedoms stipulated in this Declaration are subject to the Islamic Shari'ah" and Article 25 follows with "the Islamic Shari'ah is the only source of reference for the explanation or clarification of any of the articles of this Declaration."

Yusuf al-Qaradawi – "If they left apostasy alone, [and didn't enforce it] there wouldn't have been any Islam. Islam would have been finished right after the death of the Prophet."

Ayatollah Khomeini – "There is no fun in Islam."

Recep Tayyip Erdoğan – "There is no moderate or immoderate Islam. Islam is Islam and that's it."
