

Get the facts! STOP the LIES! Do your own research. Don't trust the purveyors of lies, half-truths and mis-information regarding the Israeli-Arab conflicts. The Islamist terrorists of HAMAS who killed and raped Israeli women and children also exploit and kill the very Palestinian people they claim to represent.

WHO IS HAMAS?

HAMAS

Before you join a protest in support of **HAMAS**, there are some facts you should know – all searchable on the Internet.

▶ **HAMAS** is an acronym for Arabic name of the government in Gaza -- Islamic Resistance Movement. This movement was created in 1987 as an off shoot of the Muslim Brotherhood. The Palestinians in the GAZA strip voted them in as their government in 2006.

▶ The stated goal of **HAMAS** is to “obliterate Israel. “It is the duty of the followers of other religions to stop disputing the sovereignty of Islam in this region.”

▶ **HAMAS** has been designated a terrorist organization by the United States, European Union, UK, Israel, Australia and Japan

▶ On October 7, 2023, **HAMAS** militants launched a surprise attack against Israeli civilians, killing 1400 and capturing about 250 hostages, where Jewish women and girls are raped and tortured.

▶ The slogan, “From the river to the sea,” means “obliterate” Israel – homeland to Jews for nearly 4000 years.

▶ Islamic nations around Israel have fought and lost numerous wars against Israel, namely in 1948–49, 1956, 1967, 1973, 1982, and 2006. Today those countries know better than to attack Israel, but some Islamic nations generously fund

HAMAS as a proxy agent for their fight against Israel, with Iran being by far the largest funder of **HAMAS**.

▶ Gaza has not been “occupied territory” since 2005 when Israel removed all Israeli residents and military forces as a peace gesture.

▶ Israel is not an “apartheid state,” since Arab residents enjoy full citizenship, are elected to Parliament, and worship freely. Israel is the only full democracy in the Middle East.

▶ Despite numerous offers by Israel of a “two state solution” to the hostilities, a Palestinian state has always been rejected by the Palestinians. Such an agreement would require official recognition of Israel.

▶ **HAMAS** and the Palestinians in Gaza fear that the Abrahamic Accords signed in 2020 between Israel, the United Arab Emirates, and Bahrain would lead to further peace accords with such countries as Saudi Arabia, Sudan, and Oman. These alliances would destroy **HAMAS**' basic premise for existence.

Why Americans Should Be Concerned

- ▶ The wide open southern border is an invitation to **HAMAS** and other terrorists organizations to come into the US.
- ▶ In FY '22 and '23, over 10,700 illegal immigrants from hostile Muslim countries have sneaked across our southern border. Many many more slip in undetected.
